WHAT'S NEW? WORK PACKAGES 2 & 4

In our last newsletter, we discussed the arrival of translated versions of our Guide for Social Intervention on our eLearning Portal. With a wide range of languages available, our project results will now be able to positively impact a wider audience than ever before.

Joining the translated editions of the Guide for Social Intervention on the Portal is WP4's Best Practice Toolkit, now available in all partner languages! This digital educational resource and action plan offers guidance on harnessing the potential of local resources for initial diagnosis and responsive citizen engagement.

Why not take a look at these two resources for yourself?

LTTA IN MESAGNE, ITALY, JULY 2024

Project partners were delighted to attend the Learning Teaching Training Activity (LTTA) in Mesagne, Italy in July.

Featuring 24 hours of workshop-based learning over three days of training, the event was a fantastic success. The Municipality of Mesagne provided a warm welcome to our participants, and their preparation was second to none!

As well as engaging with the project deliverables, participants enjoyed a tour of the municipality building and local area, learning all about the fascinating history of Mesagne.

PROJECT WEBSITE

The NETWORKS4Inclusion project website is up and running! Why not check it out at

TPM 3, MARSEILLE

The LTTA in Mesagne, Italy wasn't the only in-person event attended by our partnership in recent months. Our wonderful French partners hosted the NETworks4Inclusion project consortium in Marseille earlier this month for our third Transnational Partnership Meeting.

We want to take this opportunity to thank CBE for a well-organised and efficient meeting, especially now as we come toward the end of this project journey.

NEXT STEPS

We remain as committed as ever to delivering the best possible results for our stakeholders! Work is ongoing to make our project outputs even more interactive and engaging than before. Keep an eye out for these exciting developments!

Thank you, as always, to our wonderful stakeholders. This project would go nowhere without your support. As Networks4Inclusion draws to a close, we encourage you to explore the many other projects our partners have on offer!
